Wedding Guide

Wedding photography is a beautiful, artistic medium which is why you should choose the perfect photographer for your big day! Your wedding day will be filled with all sorts of emotions and I am there to capture every single one.

Your big day will be something you look back on for years to come. That's why I love getting to know you and your other half as the individuals you truly are, so your personalities blossom through the photographs. Expressing the type of photographs and vibe you want portrayed allows me to create a true reflection of both of you and your day.

My shooting style is chilled and relaxed but captures those memorable moments. I want to show the true love you have for one another through candid shots. Your wedding day will be full of emotions; happy, lively and full of laughter, which I am there to capture them all.

Firstly lets meet. Lets talk over the phone, or even meet at your house. We will talk about your wedding day, confirm the date, and discuss all the details. I will bring my previous photographs so you can pin point the shots you want me to cover. My job does not finish after our first meet.
